

## NYHED

I forbindelse med AMO 2018 tilbyder IOG en helt ny service til deltagerne.

AMO – og langdistance løbskortet med baner lægges ind i O-track, som er et nyt program der gør det muligt for deltagerne at vise og sammenligne vejvalg.

Det kræver at man optager sin rute med et GPS ur eller mobiltelefon og gør det offentligt i applikationen.

Applikationen er gratis og downloades på websiden [www.o-track.dk](http://www.o-track.dk)

## NEWS

In connection with AMO 2018, IOG offers a new service to the participants.

AMO map and Long distance map with courses are uploaded to O-track, which is a new application that allows participants to show and compare route choice.

It requires that you track your route with a GPS clock or mobile phone and make it public in the application.

The application is free of charge and can be downloaded from the website [www.o-track.dk](http://www.o-track.dk)
